

## Counselling Card

**Does your water look clear?**

Add 1 tablet to 20 litres of water.

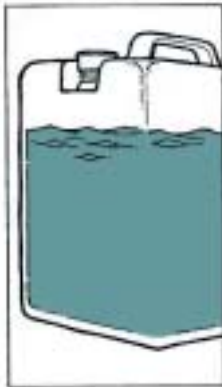

Wait 30 minutes.

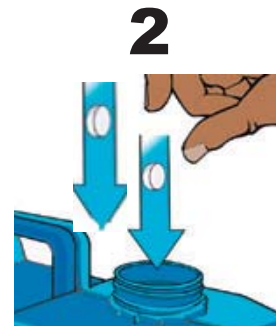

Water is now ready to drink.

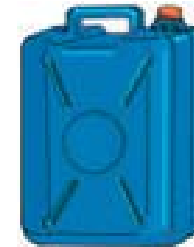

**Does your water look dirty?**

Filter the water through a clean cotton cloth.

Add 2 tablets to 20 litres of water.

Wait 30 minutes.

Water is now ready to drink.

Remember: Do not swallow tablets and always keep your water container tightly closed.
